

Young Researchers Grants

Financial Support for students/young researchers.

Limited financial support in order to promote student/young researcher participation from abroad will be available. For supported participant, registration fees, and necessary VISA application fee, are waived.

To be eligible for this program the individual must:

- Be a student (PhD, master, or bachelor) enrolled in a university program or a postdoc within 3 years after receiving their PhD degree.
- live out of Japan.
- Present his/her own research during the conference.
- Submit a proceeding of the research.
- Be able to attend the entire conference.

Applications should be sent to chair@sces2019.org with the following information:

- General information (name, abstract submission number, date of birth, affiliation).
- A brief letter explaining the need of support.
- A reference letter from advisor, department or institution that confirms your position, your research and your financial need.

The deadline for applications is Wednesday July 10, 2019.

All successful applicants will be notified soon.
